RE: Anthem expands Specialty Pharmacy Clinical Site of Care (Level of Care) drug list

Dear Provider:

Anthem Blue Cross and Blue Shield and our subsidiary company, HMO Colorado (collectively Anthem) will be expanding the Specialty Pharmacy Clinical Site of Care (Level of Care) drug list and pre-certification list.

Effective for dates of service on and after November 1, 2018, the specialty pharmacy codes below from new or current medical policies or clinical UM guidelines will be included in our existing specialty pharmacy clinical site of care review process.

Anthem’s level of care pre-certification clinical review of these specialty pharmacy drugs will be managed by AIM Specialty Health® (AIM), a separate company.
